Gary,

Thanks for getting this in so quickly! I have uploaded all of the West Ridge data from the pipeline into the permanent database. A report is attached.

It looks like you have included all required samples and parameters.

Please let me know if you have any questions.

Thanks,

The 2nd quarter water monitoring information has been entered into the database and is ready to upload.

And it isn't even September yet!!!  
Thanks

Gary,

All the 2nd quarter, 2005 UDOGM monitoring data for West Ridge have been entered into UDOGM's pipeline. You can email Pam that all of these data, as well as your UPDES records for 2nd quarter, have been input and corrected in the UDOGM electronic database and are ready for uploading. I'll mail the field summaries to you soon.

Karla
